

David & Nadia

Wine of origin Swartland

David & Nadia is a family owned Swartland driven project and we focus on a spectrum of organic, old and dry land bush vine vineyards from different areas with different soil types throughout the Swartland, farmed by like-minded people. We are members of the Swartland Independent Producers.

In the vineyard we aim for biological farming and in the cellar we work as natural as possible. It is all about the soil and vineyards after all. We believe in a pure, fresh and natural style where site and soil are at work with minimal influence from a winemaking point of view.

Plat'bos Chenin blanc 2022

Introducing the fifth vintage of the Plat'bos Chenin blanc, planted right next to the Skaliekop vineyard in decomposed granite. Planted in 1981 on the Paardebosch farm, this vineyard contributes to both our main Chenin blanc as well as Aristargos and it will continue to do so. We have been farming this vineyard since winter 2013 and it has been a pillar in our granite approach towards our white wines. Grapes were harvested in the first part of February, being one of the earliest Chenin blanc vineyards we work with, planted on a northern slope. Harvesting took place over two picking dates and both lots were fermented and aged separately. Plat'bos is also part of the Old Vine Project (OVP).
